

Decal Instructions

Where - Best position is about 1/2" below the wavy line on the front top edge of the luminary.

How - 1) Peel about 2" of the decal paper backing from the top edge and fold behind.

How - 2) Carefully touch the top portion of clear decal in position, centered and about 1/2" below the wavy line on the front top edge of the luminary.

How - 3) Press and smooth the clear decal to the luminary as you pull down the decal paper backing.
